Pursuing a PhD (Information Systems) at Nova Southeastern University.

Been in the military? No.

Run for office before? Yes, original Peachtree Corners City Council (2012) and re-elected (2015).

What is your job now or if retired, when worked previously? Principal in CAP Associates LLC, a human resources consulting firm. Retired in 2012 from Gwinnett Technical College as a CIS Faculty Program and IA Director.

Where do you attend church? (no answer)

How much do you think it will cost you to run? Between \$15,000 and \$20,000.

Why do you want to get re-elected? (Limit 100 words)

To keep moving Peachtree Corners into the bright future we deserve by managing and addressing our traffic issues, preserving and protecting our property values, keeping our 0 (ZERO) millage rate, and continuing to attract high-tech job opportunities (with good salaries!) to Peachtree Corners. We have had great successes -from the innovations in transportation technology at the Curiosity Lab, to the new dining spots and community gathering spaces at the Town Square- that all make our city a great place to work, live and raise a family. I like to say: "If you like what you see, vote for me!"
