**Why do you want to get elected?** (Limit 100 words) This is a pivotal time for the City of Norcross. We must accelerate and complete the redevelopment of the Buford Highway corridor in an intelligent and sustainable manner. Our city's future will depend on the decisions we make today. We also need to hold the developers accountable for the agreements they make with the city. We can't continue to allow them to intentionally or negligently disregard their development agreements with the city. Doing this correctly will let us stop spending beyond our means. Attracting new businesses and residents will give us the means to stop millage increases.
