How much do you think it will cost you to run? The 2017 PTC municipal election for Post 4 cost about \$10,000, but it went to a runoff. I would expect this election to be a bit less than that.

Why do you want to get elected? (Limit 100 words)

As a full time working mom, I understand the demands on our families. We need to find ways for local government to engage with the community in a way that makes sense in our technology-connected world. I want to ensure that we maintain a zero millage rate, and the key to that is through strong business development. My technology background helps me understand the needs of our software companies. I want to be a voice for all people living in the city, and make sure we have a spectrum of housing prices available to our workforce.
