Where do you attend church? (no answer)

How much do you think it will cost you to run? (no answer)

Why do you want to get elected? (Limit 100 words)

Snellville has changed a lot over its history, from a dirt road interchange at 78 and 124 to the many businesses on 124. The next four years are going to be important to the city and its citizens with the development of the town center and the city's continued growth. It's important to me that Snellville has a unique town center that reflects our community. It's also important that we keep our taxes low while maintaining quality services, encourage new business and support current ones, maintain our safe community and our quality of life.
