

NAME: Michael McConnell
PARTY: Republican
SEEKING: House District 107

1. Why are you seeking your office?

I am a concerned patriotic citizen. I will bring honesty and integrity to the Office. I support programs that strengthen the families in our community. Strong families are the bulwark of a strong and stable community and Country.

2. What do you expect to accomplish if elected?

I will be an active member of our legislative branch dedicated to bringing positive economic growth. Provide tools and programs to create the opportunity for everyone to learn and succeed in their career. Support our Law Enforcement to keep our Communities safe.

3. What distinguishes your candidacy?

It is much easier not to seek public office. This is a time of Covid -19 virus, economic and social turmoil. I decided it was the right time to commit and dedicate to serving my community and State. Our Country has given us so much. It is time to give back to our Country. Give me your support and I will not disappoint you.

4. Pick any one issue. Expand on how you will address it.

Our education system needs safe and well thought out plans to properly operate. Support our teachers, students, and school administration. For our children and society, open our schools safely to in person teaching. Temporarily provide the option of student at home computer teaching.

5. Suggest ways to jump-start the economy after COVID-19.

We cannot wait for a vaccine or the end of COVID-19. **WORKFORCE DEVELOPMENT:** Provide tools and programs to create the opportunity for everyone to learn and succeed in their career. We must open our businesses now with safe and responsible guidelines. This is a time to give of ourselves and help others rather than only be a recipient. The lock down of our economy, families, churches, and schools has potentially had a greater negative impact to our society and Country than the virus. Healthy low risk people must act responsibly and safely to resume activity in the economy and society.
