

NAME: Derrick E. Grayson
PARTY: Republican
SEEKING: U.S. Senate (Isakson seat)

1. Why are you seeking your office?

Georgians and the country alike understand that true conservatism has been losing ground in America. They are seeking candidates that will obey the Constitution and put the interests of their constituents before their own.

2. What do you expect to accomplish if elected?

Actually work to help President Trump achieve the agenda he was elected for and go beyond governing by way of Executive Orders. I am a true conservative who will deliver just that and without compromise.

3. What distinguishes your candidacy?

I actually believe politicians should obey all of the Constitution and not spend decades in DC personally enriching themselves. I also believe that politicians are elected to serve their constituents, as the power rests with the people and not within themselves.

4. Pick any one issue. Expand on how you will address it.

- Money: Pass the FairTax, repeal the 16th Amendment and abolish the Federal Reserve, returning ownership of the country's money supply back to the people.

5. Suggest ways to jump-start the economy after COVID-19.

- Send kids back to school
- Follow suit as did Florida's Governor and reopen the state completely and without penalty.

6. Please give a 100 word summary on your background.

Education
BS Computer Science
AA Biblical Education

Professional Experience
Web / Applications Developer
Network Engineer
Assistant Pastor
Volunteer for various Community Outreach Programs

I am a Navy Veteran, father, involved in my community and I put God, family and Country first.
I'm uncompromisingly pro life and pro second amendment.
