

*2020 GwinnettForum candidate questionnaire*

**NAME: Brian Slowinski**  
**PARTY: Libertarian**  
**SEEKING: U.S.Senate (Isakson seat)**

**1. Why are you seeking your office?**

Making sure the America we inherited from our parents is better for our children! Establishment politicians and special interests have subverted our constitution leaving future generations to pay for overspending, debt and deficit! We need much less government, and much more freedom for Americans!

Government needs to be put in check before they write any more checks! The lack of more choices and more voices in Washington concerns me because only the money backed special interest candidates or the multi-millionaires can seek office! We the People need Citizen-Statesman again who represent everyone with equal treatment and justice for all!

**2. What do you expect to accomplish if elected?**

Cut spending back to levels that would help to balance our federal budget! Make Congress follow their own rules and live by the same laws as we do. Make Congress follow rules of order which allows debate and amendments on the committees/floor to occur with recorded votes!

Bring Senators together to pass legislation that helps everyone and favors no special interest! I would block bad legislation that subverts the Constitution and the will of the people using filibuster, secret holds, roll call votes, endless debate etc.

Drain the Swamp and get Washington D.C. to help Make America Great Again Legislatively!

**3. What distinguishes your candidacy?**

I am not part of the Two-Party Establishment that is enslaving America! I am the Unity Candidate to be recommended or endorsed by two third parties: Libertarian and Constitution Parties.

I am ProLife, Pro Second Amendment, and Pro Constitution! I have brought together sponsoring 14 Multi-Party Online Senate Debates to address in greater detail issues with

the gravitas necessary for our next senator! The Millionaire Special Interests candidates have declined to spar. I am a Scrapper and a Fighter for Georgia/America who is not afraid of D.C. and doesn't take their special interest money!

Boot the Purchased Seat/Career Establishment Politician's!

#### **4. Pick any one issue. Expand on how you will address it.**

Taxes/Spending are intertwined therefore I would do the following: Eliminate the Income Tax; Eliminate the Departments of Education, Transportation, Labor, Agriculture, Energy, Commerce, Interior; Cut Defense by 2/3; Block Grant Medicare/Medicaid back to the States; Means Test, Price Index and raise the retirement age for Social Security; Eliminate HUD, Foreign Aid, NASA, Fannie/Freddie Subsidies, National Science Foundation, SBA, Federal Flood Insurance, SEC, Federal Reserve, FCC, Endowments for the Arts/Humanities, Neighborhood Reinvestment Corporation; Privatize Army Corps of Engineers, TSA, Post Office; Tax Amnesty; Cut civilian employee compensation; Stop maintaining vacant federal property, sell it; Earmark Moratorium & Eliminate Federal Drug War.

#### **5. Suggest ways to jump-start the economy after COVID-19.**

End the Federal Reserve and it's Fiat/Debt Based Money! Replace it with the Department of Treasury Wealth Based Currency that creates no debt, eliminates the hidden inflation tax built into debt money! No more Bubbles in the Real Estate or Stock Market!

All money would be brought into circulation as a Wealth/Asset like Gold/Silver in the past. It would be spent into circulation building our roads/bridges/infrastructure/broadband creating millions of jobs benefiting all Americans!

Use infrastructure of post offices to create small state-based health clinics with direct pay for services and use catastrophic health insurance again!(heart attacks, stroke, cancer, accidents etc.)

#### **6. Please give a 100 word summary on your background**

Loving Husband of a Soldier, Dad to Eight Adopted Children. Brian went to college at Austin Community College and the College of Saint Thomas majoring in Political Science, History and Business Finance. Brian is a semi-retired businessman who has volunteered his time for many organizations such as: American Red Cross, Association for Retarded Citizens, Big Brothers-Big Sisters, Muscular Dystrophy Association, Goodwill and the Salvation Army. Brian volunteered helping tutor students to get their GED's at the Goodwill Job Training Center. Brian coached Youth Football and Basketball. In his spare time, Brian enjoys reading, hunting, fishing, boating, friends and his family!
