1. Why are you seeking your office?

As your congressional representative, I will strive to support the mission of the Put America First agenda. I am running for Congress in the 6th Congressional District to stop the Socialist and Communist Ideology of the Democratic Party from changing our Country's Capitalist Free Enterprise system. I will stand firm for our constitutional values for freedom of speech and the Right to Bear Arms. I will implement former President Donald J. Trump's policies to lower taxes, and school choice, and eliminate government regulations that hurt small businesses and stifle growth in our economy. I will support the effort to re-open...(100).

2. What do you expect to accomplish if elected?

When Republicans take over the house and the senate, I will strive to accomplish former President Donald J. Trump's policies of Making America First, building our wall on the Southern border, and our infrastructure. Supports parents' rights in the school, and includes banning Critical Race Theory. I support a strong military and police department.

I am a conservative, transparent Republican woman who stands on principles and does what I say. For the past seven years, I have done grassroots work for the GOP of Cobb County to help win back seats for the Republican Party. I am a successful business owner for the past forty years. I know how to work through problems and solve them. When elected I will represent the 6th District of Cobb County in Washington D.C. with full resolve.

4. Pick any one issue. Expand on how you will address it.

The first issue I will address will be our Economy. I will address Congress on how to eliminate the soaring inflation, stop wasteful spending, and rely on borrowing money from foreign countries. Focus our tax dollars on local issues including Veterans, families, and the elderly.

5. What are your ideas on curbing all the many area-wide shootings?

There must be a coordinated effort for law enforcement, mental health services, and community and family support. I also believe in a strong police presence in high-risk areas in shorter police response times.
