

NAME: Michael Boggus
PARTY: Republican
SEEKING: Congress, 9th District

1. Why are you seeking your office?

I am seeking office because our current so called representation is there for self interest. So many have been infected with the sickness of greed.

2. What do you expect to accomplish if elected?

I expect to show the people of the district and the nation what a real representative looks like. I will be writing legislation to hold elected officials accountable for their actions. This country will never have faith in the government until they are held accountable and can be tried for crimes.

3. What distinguishes your candidacy?

I actually work for a living. I always do events within the community. I actually know the struggles of the people because I have the same struggles.

4. Pick any one issue. Expand on how you will address it.

Fair tax. The American people went to war for a 2 percent tax increase. 245 years later we are paying 33 percent. There is enough that can be cut in spending to make a fair tax of 10 percent total across the board.

5. What are your ideas on curbing all the many area-wide shooting?

Stiffer punishment we make killers rock stars(Charles Manson) for example. If there is irrefutable proof of the crime. Make a fast and stiff penalty. No life long prison sentence that the tax payers have to pay.

6. Please give a 100 word summary on your background.

I was born in Gainesville. My first wife was killed in a automobile accident. Due to government overreach. My wife had a addiction. She was put on methadone. On her way to get her dose she was hit head on. Leaving me to Raise my 3 week old on my own. I got started in political activism afterwards and have been for 19 years now.
