

NAME: Shawn Still
PARTY: Republican
SEEKING: Senate District 48

1. Why are you seeking your office?

I have three school-aged daughters, over 100 employees, and countless friends who depend on me to do my best every day to make their lives better. The issues facing our state are worse than they have ever been, and after a decade of being behind the scenes, it is time for me to step forward and lead more than my family. I want to lead our state.

2. What do you expect to accomplish if elected?

My first three objectives are: 1, eliminate drop boxes entirely. 2, save girls' sports all the way through college to protect their safety and also their scholarships. 3, fight to pass school choice. I will be a black and white legislator who will always speak clearly about my position on issues and will always represent conservative values.

3. What distinguishes your candidacy?

As finance chairman of the Georgia GOP for the past three years I have eliminated all of our debt, raised record dollars for Republican candidates, and I know how the legislative process works starting on day 1. I have worked tirelessly for conservative issues and have a proven track record of action, not words, to do the best work possible for our state.

4. Pick any one issue. Expand on how you will address it.

Election integrity: As a Republican Presidential Elector, I have been on the front lines of this issue since November 2020. I was one of two plaintiffs in state superior court vs. the Secretary of State to investigate hundreds of affidavits of irregularities, and I have been subpoenaed to appear before US Congress. We have to eliminate the areas where fraud happened then so it doesn't occur again. The harassment I have received for my work on elections is unprecedented and continues today. I am Georgia's top election fighter.

5. What are your ideas on curbing all the many area-wide shooting?

Our police are under-funded in many metro areas, they lack the resources for mental health calls, they do not have the support they need to pursue criminals properly, and they do not feel that all communities in our state want them there. Better pay, better resources, better support are crucial to their success and our safety. They also need better training and equipment to keep them safe!

6. Please give a 100 word summary on your background.

I am the second-generation owner of a swimming pool firm that I helped build from a small mom and pop operation to over 100 employees. I came from nothing as the only child of a single Mom. I know what it is to be poor, and I know what it is to hire, fire, and miss a paycheck. I helped save the party from financial disaster and I have helped build five companies in my professional career. I know how to run a business, how to lead, and I know how to be a father and lead as a Christian.
